

ICP-MS CONES

Guaranteed performance
Immediate delivery

Glass Expansion has over 20 years of experience in manufacturing ICP-MS sample introduction components and has earned a world-wide reputation for quality and reliability. We manufacture ICP-MS cones to the same exacting standards as all of our products and they are guaranteed to perform to your satisfaction. Our manufacturing plant includes several CNC machines plus an electron beam welder and is the best equipped and best qualified cone machining plant in the world. We supply cones for all of the popular ICP-MS models and, to make sure you get all the support you need, we have a staff of technical experts and a fully equipped ICP-MS laboratory for testing and evaluation.

No-Risk Guarantee

As with all of our products, our cones are backed by our complete satisfaction guarantee.

Free Refurbishment

Extend the life of your platinum cones with our free refurbishment program. Platinum cones have a much longer life than nickel cones but they do deteriorate over time. In many cases, a platinum cone can be refurbished multiple times and its lifetime greatly extended. As a customer service, Glass Expansion will refurbish your platinum cones free-of-charge, even if you did not purchase them from us.

Platinum Reclaim

If your platinum cone cannot be refurbished, we will provide a rebate for the value of platinum in the cone.

ConeGuard

The ConeGuard Thread Protector protects the cone thread from corrosive cleaning solutions and greatly extends cone life.

Contact us at enquiries@geicp.com to check the availability of cones and ConeGuards for your ICP-MS model.
